International Conference **Business Ethics & Compliance in Asia**

17-18 November 2018, Swissotel Bangkok Ratchada

On 17 and 18 November 2018, the German-Southeast Asian Center of Excellence for Public Policy and Good Governance (CPG) and the Viadrina Compliance Center, in cooperation with the Alliance for Integrity and with support from the Hanns Seidel Foundation, will host the international conference “Business Ethics & Compliance in Asia” at Swissotel Bangkok Ratchada.

As companies across Asia are expected to conduct their businesses in compliance with applicable rules, standards and norms, practical compliance implementation varies significantly due to disparate legal exigencies and unequal enforcement activities. The risks from non-compliance differ substantially, affecting business judgments and consultancy practice.

The conference brings together practitioners and academics from Southeast, East and South Asia to examine current developments, key differences and trends in Asian compliance practice. In country reports from China (PRC), Hong Kong, India, Indonesia, Japan, Korea (ROK), Malaysia, Pakistan, the Philippines, Singapore, Thailand, Taiwan (ROC) and Vietnam, the speakers will address recent developments in core compliance fields such as anti-bribery and corruption, money-laundering and financial compliance, pharmaceutical compliance, labor and environmental compliance.

With effective compliance becoming a significant source of trust in Asian business relations, the conference also touches upon the existence and adoption of national and international compliance standards and related certification procedures.

The event is open to the public and free of charge.
